

Ref. No. 432846 | Cat. No. FGJM3
Description: FG-Protection Terminal shield medium with cover 3P
EAN 5050096328460
Home > Industrial Circuit Breakers > Moulded Case Circuit Breakers
Terminal shields

Terminal shields are installed on the incoming or outgoing side of the breaker thus achieving a heightened protection degree, independent of the type of connection used. For fixed breakers with rear connection or the plug-in or withdrawable versions of the Record Plus™ breaker the installation of short terminal shields is mandatory and they are normally supplied as part of the kit.
